It's Where You Need to Be

Nestled in Nature at Bayview and Elgin Mills, North on Bayview is a prestigious new address emerging from the natural landscape. This 10-acre master-planned community is a refined statement of boutique residential and retail design.

Life and Nature in Perfect Balance

Over four acres of the site are reserved for open spaces, walking trails, landscaped pathways and a large central park. Start your morning with time outdoors. Spread out a picnic on the grass. Take your dog for a walk on the trail. Chase a butterfly in the meadow. Splash a stone in the clear waters of the creek and breathe in the fresh scent of the forest. Here, Nature comes right up to your doorstep.

This is where you are meant to be. Something inside you is drawing you here. It's the call of the forest. The babble of the brook. The horizon of the sky. The spark of design that lifts your senses and inspires your soul. This is North on Bayview. A serene enclave community tucked away in Nature, yet moments from all of life's possibilities.
